

# INDEX.

## A.

Abdominal tumors, diagnosis of, 18.  
 Abortion, 332; artificial induction of, 364; criminal, 501.  
 Abortions, 517; action of Essex Co. N. J. Medical Society, 61.  
 Abortifacients, punishment of, 351.  
 Abscess: of testicle, 6; pulmonary, 134; mammary, 491; renal, 520; mammary or milk, 518.  
 Absinthism, 389.  
 Academy of Medicine—Paris, 214.  
 Accidents, 459.  
 Accupressure, a substitute for ligature, 282.  
 Acetic acid for removal of vulvar and senile vegetations, 282.  
 Acid: carbolic in surgery, 57, 300; formic, use of, 157; cubebic, 178; sulphuric, external injuries by, 207; Prussic exhalations by a vegetable, 328; carbonic reduction of to oxalic acid, 397; pyrogalic, 388.  
 Aene, obstinate, 414.  
 Agreement, violation of, in sale of practice, 200.  
 Air, to protect wounds from the action of, 38.  
 Alarm quieted, 538.  
 Aluminum *v.* vulcanite—an improvement in artificial teeth, 467.  
 Amputation of thigh, mortality after, 366.  
 Anæsthetic: action of iodoform as, 179; a new, 199; nitrous oxide gas in surgery, 261.  
 Anatomical: preparations, preservation of, 130; specimens of freeing bodies, 232.  
 Aneurisms: and its sequelæ, 357; of abdominal aorta, simulated by transmitted impulse, 236; of basilar artery, 240.  
 Animal quinoidine, 538.  
 Animals; parasitic, 12; respiration of, 393.  
 Animalcules in whooping-cough, 347.  
 Antiquarian collections, 522.  
 Ankle, sprain of, 145.  
 Apology, 61.  
 Aqua, nicotiana, 304.  
 Archives of Physiology, 243.  
 Arcium lappa—burdock, 214.  
 Army and Navy—rank and compensation, 313, 356.  
 Arsenic: poisoning, notes on a criminal case, 139; in hallucinations, 261; rationale of, in skin disease, 478.  
 Arsenical preparations in pulmonary phthisis, 386.  
 Arterial tumors, circoid, 55.  
 Arterial compression by sectional ligature, a new method, 90.  
 Artificial food for infants, 73.  
 Ascites cured by tapping, 309, 374.  
 Asylum: for lepers in Jamaica, 21; N. Y. State for inebriates, 44; model, middle class for insane, 126.  
 Asthma, electricity in treatment of, 32.  
 Association of superintendents of hospitals for insane, 247; minutes of annual meeting, 510.  
 Ataxia, progressive locomotor, 70.  
 Atmosphere and cholera, 458.  
 Australian fee bill, 38.  
 Author, a sensitive, 243.

## B.

Baby, blue, 395, 502.  
 Baking powders, 21.  
 Bandage in labor, 31.  
 Bark, Peruvian, in India, 22.  
 Basilar artery, aneurism of, 240.  
 Battery, new galvanic, 440.  
 Bean, calabar, 109.  
 Beer *v.* bread, 312.  
 Belladonna, detection of, 65.  
 Bequests of W. POWELL MASON, 36.  
 Biographical sketch of late Wm. GIBSON, M.D., 271.  
 Births: twin, 7, 111; quintlet, 123.  
 Bladder: symptoms simulating stone in, 77; ergot in paralysis of, 282.

Blood; stains, examination of, 42; letting, 169; vessels, relation of tubercle with, 265.  
 Body, temperature in thrombosis, 13.  
 Bounty land, physician's, 485.  
 Bread-making, 503.  
 Breast, cancer of, 54.  
 British Islands, ethnological and climatic, 321, 338, 361, 403.  
 Bronchi, ulceration into, from cancerous disease of œsophagus, 79.  
 Burdock, arctium lappa, 214.

## C.

Cæsarian section, propriety of, in deformed pelvis, 481.  
 Calabar bean, 109.  
 Calculus, urinary, boro-citrate of magnesia a remedy in, 152.  
 Calendar, Rankin's, 224.  
 CAMPBELL, Dr., answer to, 441.  
 Cancer: of breast, 45; of uterus, iodoform in, 131; of mesentery, 237.  
 Capillaries, 556.  
 Carcinoma in child, 95.  
 Carbolic acid: in surgery, 58; reduction of, to oxalic acid, 397.  
 Carbon, bisulphite of, 4.  
 Carbolated glycerine, 234.  
 Caries of head of femur, 64.  
 Carotids, effect of prolonged effort on circulation in, 244.  
 Cash basis, 168.  
 Cataract, twenty cases treated by extraction with iridectomy and scoop, 67.  
 Cattle disease, 411.  
 Cave, Mammoth, 19, 135, 202.  
 Cemeteries, our national, 444.  
 Cerebro-spinal meningitis; 167, 351; hysteria simulating, 131; treatment, 267; treatment of diseases of eye in, 260.  
 Chemical establishments in Philadelphia, 351.  
 Child: killed by tobacco, 384; case of still-born, 399.  
 Children, nursing of, by animal milk, in the south of France, 313.  
 Chloroform: and ergot in obstetrics, 62; death from, 113; criminal use of, 351; in its medico-legal relations, 477; for examining flour, 497.  
 Cholera: in Philadelphia Navy Yard in July 1867, 46; on ship Leibnitz, N. Y., 62; destruction of the gavia a cause of epidemics of; at St. Thomas, 356; and the atmosphere, 458.  
 Chorea, a singular case, 256.  
 Cider doctored with sulphate of lime, 5.  
 Cimicifuga racemosa, 537.  
 Circoid arterial tumor, 55.  
 Cirrhosis of liver, 235.  
 Climate of Minnesota, 555.  
 Cobra, treatment of poison by, 394.  
 Coffee, disinfectant properties of, 345.  
 Collars, paper, 5.  
 Colloidon, nevus successfully treated by application of, 345.  
 Commencements: Cincinnati College Med. & Surg; University of Nashville; Penn. Col. of Dental Surgery, 225; Jefferson Med. Col., 245; Ohio Med. Col., 246; Bellevue Med. Col., 267; N. Y. University, 266; Col. of Physicians and Surgeons, N. Y., 269; University of Penn., 284; Charity Hosp. Col., Cleveland, Ohio; Penn. Veterinary Col., 289; N. Y. Dental Col., 311; Rush Med. Col., Chicago; Buffalo Med. Col., 313.  
 Compliment, a deserved, 369.  
 Congress, one more, 37.  
 Consanguinity, marriages of, legislation against, 36, 247.  
 Constipation, 301.  
 Consumption, cause of, 12.  
 Convulsions, puerperal, bromide of potassium and ammonia in, 462.  
 Copper vessels, untinned, poisoning by use of, 117.

## CORRESPONDENCE:

Foreign, 17, 37, 85, 108, 131, 179, 242, 264, 285.  
 Domestic, 19, 39, 82, 111, 135, 156, 181, 201, 226, 286, 309, 333, 352, 369, 393, 415, 441, 457, 483, 501.  
 Cows and calves, extraordinary, 332.  
 Coxalgia, 52; complicated by enlargement of cotyloid cavity, 87.  
 Crew's spread mustard plaster, 397, 478.  
 Criminal; abortion, 501; and advertisements, 517.  
 Croup; treatment of, 78, 267; pseudo-membranous, lime inhalations in, 297, 504.  
 Cyanide of potassium, 116.  
 Cystic tumor of uterus, 239.  
 Cystic duct, stricture of, 503.

## D.

Death: from chloroform, 113; from mere pain, 130; causes of sudden, 233; by drowning, 393; apparent, from chloroform, 441.  
 Debts, medical, 366.  
 Dentist, an American abroad, 366.  
 Dentistry, legal enactments to regulate the practice of, 332.  
 Diagnosis, instrumental, 293, 317, 377, 399, 443, 470, 487, 505, 538.  
 Diagnosis: in abdominal tumors, 18; of epilepsy by the sphygmograph, 514.  
 Diarrhoea, chronic dysenteric, 407.  
 Digitalis: in treatment of delirium tremens, 32; in mania, 126.  
 Dilatation, operation for phymosis by, 535.  
 Diphtheria; iodine inhalation in treatment of, 31; traumatic, 75; and membranous croup, perchloride of iron in, 541.  
 Diphtheritic paralysis of soft palate, oxygen in, 131.  
 Diploma advertised for, 415.  
 Disinfectant properties of coffee, 345.  
 Dislocation: of shoulder joint, spontaneous, 310; of ninety days standing, reduced by manipulation, 351; and fracture of humerus, 506.  
 Dispensary, Germantown, report for, 1867, 225.  
 Doctor, every soldier his own, 61.  
 Dovys's powders, improvement in, 233.  
 Drainage tubes, 395.  
 Dragon tree, 269.  
 Druggist, renewal of prescriptions, 7; mistakes, 375.  
 Drugs, abuse of, 201, 373.  
 Dysentery: acute, value of ipecacuanha in, 144; nuxvomica in, 504.  
 Dyspepsia, electrization in 63 cases, 421.

## E.

Ear, polyp of; remarks on, 70.  
 Ecchymosis, 71.  
 Education, medical—Paris, 17.  
 Effort, protracted, effect of on circulation in carotids, 244.  
 Eggs, yolk of and glycerine, 541.  
 Electricity: in treatment of asthma, 31; in treatment of dyspepsia, 421; catalytic action of, 535.  
 ELLIOTSON, Dr., 482.  
 Embolism, 335; new process, 335.  
 Embolism, 132.  
 Emphysema, 194; of the lungs, 215.  
 Encouraging, 83.  
 Endurance, powers of, under difficulties, 521.  
 Epidemic, cost of an, 458.  
 Epilepsy, diagnosed by sphygmograph, 514.  
 Epithelioma of thumb, 87; of face, 95.  
 Ergot: and chloroform in midwifery, 62; and forceps in labor, 11, 299; in paralysis of bladder, 282; effect of, 517.  
 Erysipelas, lecture on, 161.  
 Essays, prize, 517.  
 Ether, nebulized for pain of neuralgia, 135.  
 EVANS, Dr., late work, 108.  
 Eyes-dropping, serious result of, 266.  
 Eye, notes on nature and treatment of diseases of, in cerebro-spinal meningitis, 205.  
 Eye and ear hospital in Brooklyn, 205.  
 Eyelids, erectile tumor of, 213.  
 Exophthalmic goitre and gangrene, 18.  
 Exchanges, foreign, 83.

 Hallucinations, arsenic in, 251.  
 Health; of the Pope, 335; the public, 460.  
 Heart; circulation of walls of, 243; extensive organic disease of, 469; disease of, 501.  
 Heart-burn, 230.  
 Hemierania, 555.  
 Hemorrhage; secondary, 11 days after parturition, 168; uterine, death from, 538.  
 Hemorrhoids, 365.  
 Hernia; 142; scrotal, peculiar appearance of, 28; radical cure of, 362.  
 Herpes zoster, treatment of, 327.  
 Hippophary, 376.  
 Holt's dilator for strictures of urethra, use of, 55.  
 Homeopathy defined, 84.  
 Homeopathic department established in University of Michigan, 374.  
 Horticultural and agricultural annals, 153.

HOSPITAL REPORTS:

*Jefferson Medical College:*

Excision of mammary gland: lithotomy; Hunterian operation for aneurism, 5; acute abscess of testicles: scirrhus of mammary gland, 6.  
Peculiar appearance of scrotal hernia, 28; divergent strabismus, 29.  
Coxalgia, 52; infantile paralysis, 53.  
Ophthalmia: congenital plicose tumor over patella, 76; symptoms simulating stone in bladder: oecchymosis; hypertrophy of mucous membrane of nose, 77.  
Sebaceous tumor: carcinoma in child; epithelioma of face, 95; sciatia, 96.  
Sprain of ankle; facial neuralgia, 145; chronic ulcer, 146.  
Glossal line in phthisis; emphysema, 194.  
Large venous tumor, 508; varicose veins; necrosis of humerus: cases of lithotomy, 509.

*Pennsylvania Hospital:*

Emphysema of the lungs; latent typhoid pneumonia, with exudation in the kidney, 215.  
Singular case of chorea, 259.  
Ulcer of stomach, 314.  
Extensive organic disease of heart; chronic dysenteric diarrhoea, 409.

*New York Pathological Society:*

Necrosis from gunshot wound: morbus coxarius, 29; cystic kidney; uterine pathology, 30; excision of entire scapula, 51.  
Cancer of breast: caries of head of femur, 54; use of Holt's dilator for strictures of the urethra, 55; myeloid tumor, 5; epithelioma of thumb, 57.  
Cancer of the mesentery gland, 237; cause of sudden death, 238; cystic tumor of uterus, 239; aneurism of basilar artery, 240.

*New York Academy of Medicine:*

*Discussion*—Blood-letting, 169.

Hospitals: British, French, and American, 189, 208, 252; new, in New York, 83; in Cincinnati, 460; new, for insane in Penna., 254.  
Human species, singular case of malformation, 316.  
Humerus: dislocation and fracture, 506, necrosis, 509.  
Hurricane and earthquake at St. Thomas, W. I., report of, 137.  
Hygiene and theology, 62.  
Hypodermic injections, 517.  
Hyposulphites and sulphites, 531.  
Hysteria simulating meningitis, 131.

I.

Inebriate asylum, N. Y. State, 42, 44.  
Infant poisoned by Godfrey's cordial, 159.  
Infantile in New York, 84, 155.  
Infantile: paralysis, 53; hematuria, 143.  
Infants: tracheotomy in, 38; artificial food for, 73.  
Inhalations: of lime in pseudo-membranous croup, 297; in croup, 502.  
Injections: hypodermic, 517; subcutaneous, of quinia, 509.  
Injuries, severe, 537.  
Insane: hospital, Iowa, 414; asylums, 507; association of superintendents of institutions for, 247, 510, 517; in California, 356; in Connecticut, 399.  
Insanity: sixty years of, 312; sad case of, a physician, 335.  
Insect powder in the tropics, 327.  
Instrumental diagnosis, 293, 317, 377, 399, 443, 470, 487, 505, 543.  
Intestinal obstruction, fatal case, 49, 502.  
Introductory, 1.  
Invitation, a classic, 155.  
Iodine inhalation in diphtheria, 31.  
Iodide of potassium, new use of, 326.  
Iodide of iron, syrup of, 454.  
Iodoform; 535; in cancer of uterus, 131; anesthetic action of, 179.  
Ipecacuanha, value of, in acute dysentery, 144.  
Iron: soluble, saccharate, use of, 159; liquid oxy-sulphate of, 304; perchloride of, in diphtheria and membranous croup, 541.  
Italy, duration of life in, 316.

J.

Jalap, cultivation of, in Europe, 478.  
Jalap, radix, growth and cultivation in Mexico, 342.  
Jaw, necrosis of lower, 493.  
Jerusalem, 335.  
Joint: shoulder, spontaneous dislocation, 310; dislocation ninety days' duration, reduced by manipulation, 361.  
Joke, a good, 532.  
JUDKIN, Prof., death of, 36.

K.

Kidney; cystic, 30; exudation in, with latent typhoid pneumonia, 215; granular disease of, lecture, 465.

L.

Labor; ergot and forceps in, 11; bandage in, 37; mechanism of, 171; occluded vagina complicating, 198; use of ergot in, 299.  
Lacing, tight, death from, 322.  
Lady in the gallery, 485.  
Lard, adulterated and poisoned, 116.

 Minnesota, climate of, 556.  
 Missionaries, medical, 355.  
 Monster, a case of, 363.  
 Morbus, coxarius, 29.  
 Morphia, hypodermic injections of, 203.  
 Mortality of Providence, R. I., 374.  
 Muscle, new, 111.  
 Muscular contraction simulating coxalgia, 108.  
 Mushroom poisoning, 438.  
 Mustard paper, 324, 397.

## N.

Nævus, successfully treated by collodion, 345.  
 Nasal mucous membrane, introduction of medicine through, 197.  
 Navy news and changes, 65, 88 111, 150, 225, 270, 292, 504 541, 556.  
 Neck, gunshot wound of—injury of spinal cord, 80.  
 Necrosis from gunshot wound, 29.  
 Negro endurance, 103.  
 "Nekrososia," 300.  
 Neuralgia; nebulized ether, relieving pain of, 126; facial, 145.  
 Nervous irritability, 326.  
 Nerve of nerves, 246.  
 Nerves sensitive in spinal sclerosis, 285.  
 Nervous paper reports of surgical operations, 108.  
 Nicotianæ aque, 304.  
 Nipples, sore, 247.  
 Nitro-glycerine, solid, 552.  
 Nose, hypertrophy of mucous membrane of, 77.  
 Nursing bottles, 587.

## O.

Obesity, treatment of, 135.  
 Obstetricians, educated women, status of, in Paris, 458.

## OBITUARIES:

Chester Dewey, 22; J. W. Leftwich, 87; Jacob Gilliam, 159; Sir David Brewster; Surg. C. H. Page; Dr. John Davy, 204; Isaac Lincoln, 248; Dr. William Gibson, 271; Wm. Herapath, 287; L. Turck, 331; M. Serres, 409; A. J. Foard; L. Goodall; J. F. Merritt, 420; Eliphalet Platt, 523; John A. Pawling; E. Olcott, 542; Samuel M. Harry, 566.

Œsophagus, cancerous disease of, with ulceration into bronchi, 79.

Oil, cod-liver; enormous supply of, 376; *FOUGERA'S*, 397; *BAKER'S*, 483.

Ophthalmia, 76.

Ophthalmology, 308.

Orthopædic Hospital, Phila., 307.

Oseous tissue, disease of, 294.

Ovariectomy, case of double, 489, 539.

Oxy sulphate of iron, liquid, 304.

Oxygen in diphtheritic paralysis of soft palate, 131.

## P.

Pain, death from mere, 120.

Palate, soft, oxygen in diphtheritic paralysis of, 131.

Paper; collars, 5; mustard, 324, 397.

Paralysis; syphilitic, 32; infantile, 53; diphtheritic of soft palate, oxygen in, 131; of bladder from ergot, 233.

Parasitic animals, 12.

Parturients, or uterine motor stimulants, 8.

Patella; congenital plicose tumor over, 76; fracture of, new device for treatment of, 387.

Pathology, uterine, 30.

Peritonitis, chronic, case of, with tubercular disease, 140.

Peruvian bark in India, 22.

Pharmacy, Phila. College of, 55.

Pharmacians, Congrès Général des, 311.

Phthisis; gingival line in, 194; pulmonary, arsenical medication in, 386.

Phymosis, operation for, by dilatation, 535.

Physicians, Vienna Society of, 222.

Physiological and pathological relations of trunkal muscles, to the Cardiac functions and therapeutics involved, 26.

Physiology; 200; archives of, 243.

Physometra, 497.

Pills of sulphate of quinia, 315.

Pirogoff, reported death of, 411.

Plague, cattle, cure for, 485.

Pleurisy, chronic, treated with tannin, 144.

Poison of bees, wasps and fishes, beneficial effects of, 282.

Poisoned; and adulterated lard, 116; an infant by Godfrey's cordial, 159.

Poisoning; external, by cyanide of potassium, an antidote for, 87; by use of untinned copper vessels, 117; by arsenic, criminal case, 139; by Cobra, treatment for, 304; wholesale, 537; by mushroom, 438.

Polyp of ear, remarks on, 70.

Pedophyllum, 156.

Post-mortem, pay your, 392.

Post-mortems, 43.

Potash, permanganate of, in rheumatism, 336.

Potassa, compounds of, 267.

Potassium; cyanide of, 116; external poisoning by—antidote for, 87; bromide of 196; bromide of, causing paralysis of soft palate, 305; in whooping-cough, 396; iodide of, new use of, 328.

Pope, health of, 335.

Practice; case in, 310; violating agreement of sale, 200.

Practitioners, women in England, 36.

Pregnancy, case of tubal, 266.

Prescriptions, renewal of, by druggists, 7.

Professor, the election of, 414.

Profession, medicine as, a 419.

Prolapsus uteri, 475.

Propolis, 83.

Prize essays, 517.

Pulmonary abscess, 134.

Puerperal convulsions, bromide of potassium and antimony in, 492.

Punishment of abortionists, 350.

## Q.

Quack, summary treatment of, a, 376.

Quackery, 169.

Quinia, sulphate of, 196; in pills, 315; subcutaneous injections of, 509.

Quinidine, animal, 538.

## R.

Railways, surgeons on, 181, 309, 459.

Ranula, 142.

Rankin's perpetual calendar, 225.

Records, family, 224.

Renal abscess, 521.

Reptiles in the stomach, 233.

Reproduction, questions on, 539.

Responsibility disclaimed, 414.

Rheumatism, permanganate of potash in, 394.

## REVIEWS AND BOOK NOTICES:

Notes on Books; 13, 33, 127, 152, 305, 328, 347, 366, 391, 438, 455, 478 498, 515.

 Syphilitic paralysis, 32.  
 Syrup. ferri iodidi, 451.

**T.**

*Tannin* in chronic pleurisy, 144.  
*Testicle*, abscess of, 6.  
*Tetanus*: traumatic, 2; symptomatic, 40.  
*Then and now*, (Dr. Gross,) 97, 119, 146, 172.  
*Theology and hygiene*, 62.  
*Therapeutic*: value of certain articles of materia medica, essay on, 183, 231; agent, leptandrin as a, 275.  
*Therapeutical uses* of alkaline and earthy sulphites, 279.  
*Thermometer*: new, 440; cheap clinical, 528.  
*Thigh*, amputation, mortality after, 366.  
*Theory of spontaneous generation*, 429.  
*Thrombosis*, temperature of body in, 18.  
*Thumb*: epithelioma of, 57; supernumerary, 493.  
*Tin and lead*, malate of, 116; supernumerary, 493.  
*Tissue*, osseous, disease of, 264.  
*Tobacco*: a child killed by, 384; users, pleasant thoughts for, 463.  
*Toxicology*, contributions to, 4, 116, 207, 334, 381, 423.  
*Trachea*, foreign body in, 41.  
*Tracheotomy* in infant, 36.  
*Track*, the right, 440.  
*Transparent treatment*, 86.  
*Tree*, dragon, 269.  
*Tropics*, insect powder in, 327.  
*Tubercular disease*, chronic peritonitis with, 140.  
*Tubercle*: inoculability of, 33; relation of blood-vessels with, 265.  
*Tubes*, drainage, 395.  
*Tumors*: abdominal, diagnosis, 18; myeloid, 55; congenital pileous, over patella, 76; cirroid, arterial, 85; sebaceous, 95; erectile, of both eyelids, 213; cystic, of uterus, 239; scirrhus, of stomach, 274; heterodermic, 332; uterine, gastrotomy for, 418; large venous, 508; renal, 520.  
*Twins*, cases of, 7, 111.

**U.**

*Ulcer*, chronic, 146.  
*Umbilical cord*, noises in, and their significance, 152.  
*Urethra*, stricture of, Holt's dilator for, 55.  
*Urinary calculus*, boro-citrate magnesia a remedy, 152.  
*Urticaria*, chronic, 346.  
*Uterine*: pathology, 30; tumor, gastrotomy for, 418; hemorrhage, death from, 539.  
*Uterus*: gravid, retroversion of, 74; iodiform in cancer of, 181; cystic tumor of, 239; rupture of—recovery, 462.

**V.**

*Vagina*, occluded, complicating labor, 198.  
*Value of mineral springs*, 415.  
*Varicose veins*, 509.  
*Venous tumor*, large, 508.  
*Vegetable*, exudation of prussic acid by, 335.  
*VERON, Dr.*, 64.  
*Vessel*, naval, disinfected by steam, 64.  
*Vessels*, untinned copper, 117.  
*Veterinary*: surgeons, Penn. college of, 269; medicine, what's the use of, 332; science vindicated, 461.  
*VOGEL, Prof.*, 193.  
*Vomica*, nux, in chronic dysentery, 504.  
*Vulcanite* v. aluminum, 462.

**W.**

*Walls of the heart*, circulation of, 243.  
*Wedding*, golden, 308, 441.  
*Wet nursing*, 411.  
*Who was responsible?* 459.  
*Whooping-cough*: animalcules in, 347; bromide of potassium in, 395; cured by inhaling atmosphere of gas-house, 341.  
*Womb*, rupture of, 352.  
*Women*: practitioners in England, 36; obstetricians, status of, in Paris, 458; medical college of Penn., 419.  
*Word to the wise*, 355.  
*Wounds*: superficial, treated by jet of air, 6; to protect, from the action of air, 39; gunshot, of neck, injury to spinal cord, 60; necrosis from, 29; case of, 341.

**Y.**

*Yellow fever*: cause of, 117, 227; in U. S. squadron, 187; in Peru, 375; at Port Louis, Mauritius, 462.

**Z.**

*Zinc*, chloride of, use of, in surgical operations, 176.  
*Zoster*, herpes, treatment of, 327.
